

**IALP INTERNATIONAL ASSOCIATION OF COMMUNICATION SCIENCES & DISORDERS
CLEFT PALATE AND CRANIOFACIAL COMMITTEE**

To help professionals, families and individuals looking for information and support about cleft lip and palate and craniofacial conditions we have collated resources and links to the relevant professional organisations and parent associations from around the world. The views expressed in the resources are not necessarily the views of IALP.

Professional Organizations

Professional organisations are interdisciplinary organisations run by and for specialist professionals working with individuals with cleft lip and palate. They have information about cleft lip and palate, and a number of resources to support families.
